Dalalatul-Quran and Sunnah

Here we discuss another categorisation of how words point to meaning and proof in the Quran and the Sunnah. In this section it looks at how a word indicates the full meaning implied, or part of the meaning.

In this regard they are three types:

1. Concordance (Mutabiqah) word implies the whole.
 - a. Allah created the sun. All of the sun.
2. Implication (Tadamun) word implies a part of the whole
 - a. I can see the sun. a part of it, as your sight doesn't encompass the sun in its entirety.
3. Necessity (iltizam) word implies something connected to it.
 - a. I sat in the sun. meaning the rays of the sun as you did not sit in the actual sun, or a part of the sun.
